

Insurance FAQ

North American Board – Gaelic Athletic Association DBA American Gaelic Games

Who's insured under this policy?

The AGG, the separate leagues/conferences, the individual member teams, and the members, players, volunteers and coaches involved in activities related to the association, such as games, fund raisers, after match functions, etc.

Will the club be a named insured on the policy?

If the club is a member of AGG, it's insured.

If the club will not be a named insured, how will coverage be extended to individual clubs?

Remember, being a member of the association, and being a named insured makes no difference in terms of the coverage. A named insured has no different coverage than any member of the association.

Will each club have the ability to add named additional insured's to the policy? Some of the fields which our clubs use require that the field be listed as an additional insured, so our clubs will need this ability in order for the policy to function properly.

The policy has an endorsement, Additional Insured by Written Contract. Therefore, any facility, field, or venue that you own, rent, or occupy by written contract, falls under the general liability coverage.

With any Certificate of Insurance request, through the association secretary, we will include the policy form that extends coverage to that facility for their records.

For Information only. Nothing on this FAQ implies a bind for coverage, or actual policy limits, exclusions, or endorsements. Kevin Sullivan 800-605-5024 CA Lic# 0E92750
