Adopted by the Board of Directors on: June, 2016      Initials: A.T.      R.H.

---

As an all-inclusive sports organization, the Bow Valley Rugby Club (BVRC) understands that at times, our players may not always be in the position to cover the annual registration costs associated with our sport. As such, the BVRC Board of Directors will, on a case-by-case basis, review requests to allow players to pay their annual dues using a pre-determined installment plan.

If an athlete, playing in one of the BVRC Senior programs is unable to cover the registration dues for the upcoming season, it will be incumbent on the player to notify the appropriate Vice President of the Senior program of their situation.

The Vice President will bring the request to the Boards attention for review. In determining whether a player gains access to the installment plan the Board will take the following into consideration:

- How long the player has been a member of the BVRC,
- Does the player consistently fulfill their volunteer duties,
- Has the player previously been on the installment plan and are they in good standing with BVRC.

If the Board decides to proceed with the installment plan, the VP of the Senior program and the player will complete the Installment plan form. A copy of this form is found in the appendices.
