

- Our Camogie Insurance covers club camogie players, mentors and referees who are injured in the course of playing officially sanctioned matches, in club training sessions or whilst refereeing matches. Players, mentors and referees must be full club members to be covered by the Camogie Insurance scheme.
- Contact the Club's Injury Claims Administrator for full details of the benefits and rules of the scheme.
- All claims are handled and assessed by the loss adjuster, Willis, through the Club's Injury Claims Administrator.
- Willis must be notified of an injury within 30 days of the injury occurring. Notification consists of a minimum of the first two pages of the claim form being submitted to Willis. The form is submitted by the Injury Claims Administrator and should be with the Administrator within 20 days of the injury.
- Camogie claims will not be accepted if the injured player was not wearing an NSAI Standard IS 355 helmet at the time of the injury.
- For a claim to be accepted, the injury must be recorded in the referee's report.
- The Camogie Insurance Scheme covers you for non-recoverable medical expenses. This means if a player has Private Health Insurance they must make a claim for their medical costs through their medical insurance provider in the first instance and a statement of account must be obtained.
- A statement of Account is a document supplied by your medical insurer outlining the medical receipts which they have received, the amount they have contributed and any shortfall.
- There is cover of up to €10,000 for necessary medical/dental treatment. There is an excess of €75 per claim for adults and €50 per claim for juveniles, which Lucan Sarsfields currently pays to the injured party. Physiotherapy costs are covered subject to an excess, which Lucan Sarsfields currently pays to the injured party.
- Temporary Total Disablement benefit is payable, adults only, up to €500 per week for a maximum of 104 weeks if the disablement is temporarily preventing the insured person from performing or attending his or her usual business profession or occupation.
- Claim forms can be downloaded from the Camogie website [www.camogie.ie](http://www.camogie.ie) or from the Club website under the **Mentor Downloads** section.
- All correspondence and queries in relation to claims or the claims process should be addressed to [lucanclaims@gmail.com](mailto:lucanclaims@gmail.com)
