

Western New England University Rugby is looking for a head coach.

Duties and Responsibilities; The involvement of the coach is mostly up to them. The club functions on it's own for budgeting, scheduling, and maintenance concerns, but will still need a coach to lead practices and conditioning sessions, as well as lead the team through matches. Practices will be Monday, Wednesday, and Friday evenings anywhere from 4 PM to 6 PM depending on coach availability with games on Saturdays. The above description is what is needed for the club to function, but should a candidate wish to put even more time in with the club, it may factor in to the final salary decision, and/or a long term contract. As WNEU Rugby is a club at the university and falls under the office of student activities, there will be an interview with University staff prior to hiring.

Minimum qualifications: previous experience coaching and/or competing in the sport.

If interested in the position please email Ian Capozzoli [iancapozzoli@gmail.com](mailto:iancapozzoli@gmail.com) to discuss
