### ***How it works:***

- The league is designed over the 2016 sporting calendar, with varying points available for different events from March to November.
- Points are awarded if your prediction for a particular event is correct. The amount of points added to your total will be determined by how many points are available for your prediction. If the prediction is incorrect no points will be added.
- Unlikely winners of an event carry a higher points total than the favourites.
- In the event of a tie within the prizes after the tie break question has been added, the highest points accumulated from a single prediction will decide.
- Entry fee is €10. All entries must be submitted before February 19th 2016.
- Leaderboard will be updated every month & posted on [www.courceyrovers.com](http://www.courceyrovers.com)

### ***Prizes:***

1<sup>st</sup> €500

2<sup>nd</sup> €250

3<sup>rd</sup> €100

## ***Events:***
